

We look forward to welcoming you shortly. In the meantime I would like to give you some IMPORTANT information about your arrival.

The name of the hospital you are going to get your surgery done is GOZDE. On arrival you will go straight to the hospital and will be met by one of our getslim team there.

Patients travelling from the UK need to have a PCR test done within the last 72 hours before arriving in Turkey.

Patients travelling from Ireland who have had both their vaccinations at least 14 days before arrival or, had covid in the last 6 months do not need to have a PCR test. You will need proof from the Irish authorities showing you meet one of these conditions. If you don't, you will have to have a PCR test done in the last 72 hours before arriving in Turkey, or a rapid test no longer than 48 hours before travel.

Please note that if the pre op tests show you have gallstones you can opt to have your gallbladder removed for €500. If a hiatus hernia is found the charge for repairing this is €500. It is sometimes necessary for a hernia to be repaired in order for surgery to go ahead.

Please remember to exchange and bring a small amount of local Turkish currency for any personal expenses such as shopping, as you cannot change in hospital.

On arrival come out of the terminal and turn left, do not cross the road, and the wait at the TAV HOTEL which is around 30 metres along the road on the left. The driver will wait for you there with the Gozde car. If you cannot find him then please contact Rhianne on +90 530 041 69 81. In the event you arrive and exit at the domestic terminal you need to inform me as the driver will be waiting at the international terminal.

Should you have a long flight delay of more than 30 mins please inform us. Should you not have already done so can you please send a copy of your passport for all people travelling with you this is for new transfer regulations in Turkey.

If you have acrylic/gel nails you should take them off. Sometimes the finger pulse oximeter finds it difficult to get readings. Please don't come with piercings or jewellery. All have to come out/off before surgery. If you can't remove rings then these will need to be cut off before coming. Please leave all valuables at home as Getslim do not take responsibility for personal losses.

IMPORTANT: If you are bringing a companion please make sure you have informed us and sent us copies of their passport otherwise they will not be able to use the transfers.

Please send a copy of your flight ticket payment before your arrival. This is to ensure that your flight refund can be reimbursed back to you as quickly as possible. Failure to send to us could result in failure to be refunded in time before your departure.

Thank you for your understanding.
